## THE CITY

Oxford's picturesque cousin in the fens, Cambridge is situated in the tranquil east of England and is best known for its world-renowned university founded in 1209.

Cambridge is 50 miles north of London, hugs the River Cam and is home to just over 120,000 people. Like Oxford, its historic university is central to everything in the city, and it has a varied cultural scene that belies its size. Visit the historic Fitzwilliam Museum, take a stroll along the 'Backs', or soak up the atmosphere among its perfectly-manicured college gardens.

The University of Cambridge was founded in 1209, making it the second-oldest university in the English-speaking world, and Cambridge University Press, the University's own publishing house, is the oldest in the world.

Oxford Royale Academy students are accommodated in two of the University

of Cambridge's prestigious colleges – Clare College and St Catharine's College. At both of these colleges, students will get the chance to experience what undergraduate life might be like at one of the top universities in the world.
